Introduction

The Mental Health Residential Rehabilitation Treatment Program (MH RRTP) Screening, Status Update, and Discharge Templates were developed by the Veterans Health Administration Office of Mental Health and Suicide Prevention in collaboration with MH RRTP managers from several VISNs, VISN and facility mental health leadership, and other subject-matter-experts. The dialogs were first released in July 2018 in Update_2_0_44. This update includes several revisions to each of the three dialogs.

The templates were designed to address the need for critical information at the time of screening, while waiting for admission (Status Update), and at the time of discharge. The purpose of the three templates is to use national health factors to capture local data to improve the ability of programs to more accurately track wait times and provide local outcome data.

The three templates are brief and designed to be integrated into existing, local processes for documentation. The templates do not reflect the full scope of typical documentation for screening, discharge and clinical encounters with the hope that this will maximize flexibility in local implementation.

Programs are not required to use a standard note template. Programs are strongly encouraged to integrate the templates into existing documentation processes so accurate and reliable data will be available to the programs.

This update will update the following reminder content:

Post-Install Set-up Instructions

1. Setup of Note Titles

(If the dialogs are already linked to shared templates and note titles, then these steps can be skipped.)

If you do not have RRTP note titles, you can create new note titles to connect to the reminder dialogs included in this update. **These note titles are not required.**

The new note titles that would need to be created are:
You will need to create 3 new note titles – one for each reminder dialog.

The VHA Enterprise Standard Title for all three will be:

MENTAL HEALTH NOTE

Note Title #1: **MHRRTP SCREENING**

Note Title #2: **MHRRTP STATUS UPDATE**

Note Title #3: **MHRRTP DISCHARGE**

Comprehensive information on Creating Document Definitions can be found beginning on page 47 of the [TIU/ASU Implementation Guide](#)

Note: Please review the content of these new dialogs, if you have existing notes and reminder dialogs that you use in the RRTP setting, you can incorporate the contents of these templates into your existing local dialog by adding the main groups. Please work with your RRTP staff to decide the best way to incorporate these components into your local processes.

2. Link dialogs to Shared Templates and/or link to Note Title. (If the dialogs are already linked to shared templates and note titles, then these steps can be skipped.)
