INTRODUCTION	1
INSTALL DETAILS	4
INSTALL EXAMPLE	5
POST INSTALLATION	7

Introduction

Description:

Update 2_0_185 revises the VA-LIFE SUSTAINING TREATMENT reminder dialog. Several LST generic orders will also need to be revised by local Clinical Informatics staff.

This reminder dialog template is mandated for use by Veterans Health Administration (VHA) Handbook 1004.03, "Life-Sustaining Treatment Decisions: Eliciting, Documenting and Honoring Patients' Values, Goals and Preferences," to document goals of care conversations and Life-Sustaining treatment plans.

Facilities will be required to install and test these revisions within normal installation timelines as established by OIT. Clinical Informatics staffs are encouraged to work closely with their local Life-Sustaining Treatment Advisory/Implementation groups to complete post-installation steps in support of facility deployment.

- These actions may be accomplished either before or after installation of the reminder dialog patch
 - Update and build Life-Sustaining Treatment Generic Orders as described in the post-installation instructions.
 - Update the Life-Sustaining Treatment order set menu (if applicable) as described in the post-installation instructions.
- These actions need to be accomplished after installation of the reminder dialog patch
 - Map all Life-Sustaining Treatment Generic Orders to the reminder dialog as described in the post-installation instructions.
 - Add Life-Sustaining Treatment orderable items to the VA- Life-Sustaining Treatment Orderable Items reminder term.
 - Add CPT codes to reminder dialog (if necessary).
 - Re-link existing consult and/or comfort care orders to the dialogs (if applicable).

UPDATE_2_0_185 contains 1 Reminder Exchange entry:
UPDATE_2_0_185 LST TEMPLATE

The exchange file contains the following components:

VA-LIFE SUSTAINING TREATMENT

Pre-Installation

1. **Coordinate with the appropriate local staff before installing this update in the production account.** The following site lists Life-Sustaining Treatment Decision Initiative (LSDTI) Implementation Coordinators: [ImplementationCoordinators.pdf \(va.gov\)](#).
2. **Completing post-installation steps #1 and #2 (Creating the new generic orders and Editing the existing generic orders) is recommended before installing the update to decrease the time the dialog cannot be used.**
3. **Print a DETAILED DISPLAY copy of the existing VA-LIFE SUSTAINING TREATMENT (D) reminder dialog before beginning installation.** Installation will clear all local mapping of orders to this dialog. The printed copy will be useful in completing some of the post-installation instructions regarding mapping existing consult and/or comfort care orders back to the reminder dialog.
4. In the original deployment of this dialog, sites were given the option of linking a LST order menu to the dialog or linking each individual order to a specific group/element. This is no longer an option. Sites must link each order dialog to the corresponding group/element listed in the post installation instructions. If this is a change in practice at your site, coordinate with the appropriate staff regarding the change in the reminder dialog before installation.

Install Details

This update is being distributed as a web host file. The address for the host file is:

https://vaww.va.gov/reminders/docs/UPDATE_2_0_185.PRD

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:

Installation of this update should be coordinated with local staff. Each order will need to be mapped to the appropriate group/element after installation. The dialog will not store an order until the mapping is completed.

Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

At the **Select Action:** prompt, enter **LWH** for Load Web Host File

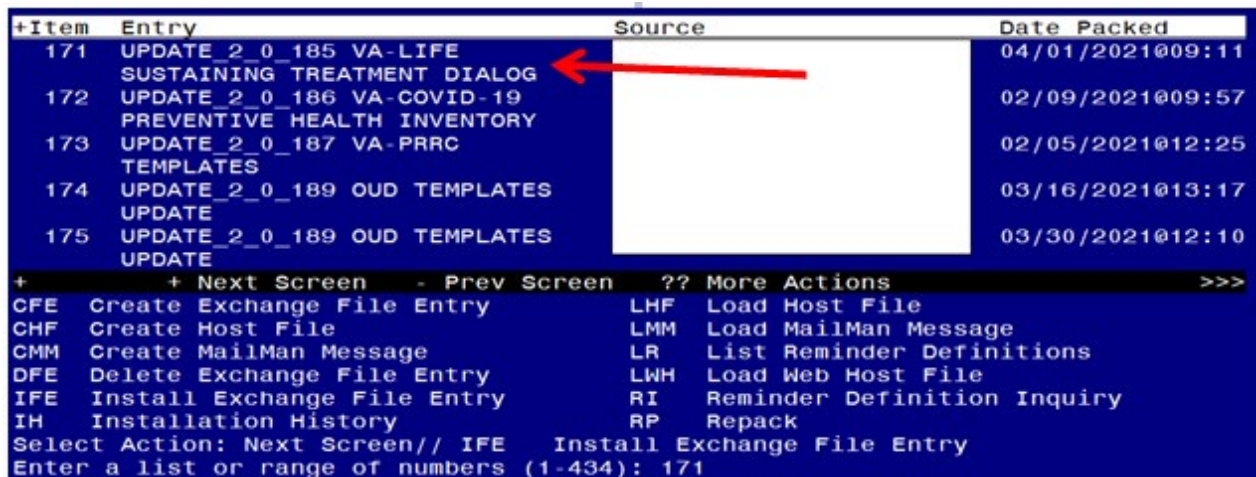

At the **Input the url for the .prd file:** prompt, type the following web address:

https://redacted/UPDATE_2_0_185.PRD

You should see a message at the top of your screen that the file successfully loaded.

`https://[redacted]/UPDATE_2_0_185.PRD successfully loaded.`

Search and locate an entry titled **UPDATE_2_0_185 VA-LIFE SUSTAINING TREATMENT DIALOG** in reminder exchange.

You will then be returned to this screen. At the **Select Action** prompt, type **Q**.

Install complete.

Post Installation

1. VistA Generic Orders Set-Up.

Five new generic orders and orderable items will need to be created to populate into the Life-Sustaining Treatment display group. Several existing orders will need to be revised.

Use of this standardized terminology will help standardize processes throughout VA. Terms such as “do not intubate” and “modified code status” are no longer authorized for use. The only exception is the facility’s choice in using either “Do Not Resuscitate” (DNR) or “Do Not Attempt Resuscitation” (DNAR) in the “text” that populates into the orders. Either of these two terms/acronyms is acceptable and understood to be interchangeable in the “text” of the order(s) and either may be used within the text of the generic order(s) when they are built. The use of DNR or DNAR in the naming conventions for the orders and the orderable items should reflect what is presented below.

Please note that these generic orders do NOT have an associated “stop date/time.” They are designed to be durable and not automatically discontinue.

Some site VistA menus may omit some of the steps for creating a generic order listed below. If the local menu you use does not show data that is listed below, look a bit further down the menu example and you will likely see where your menu continues the pattern displayed here.

You will need to build these orders exactly as displayed in the menu examples below. **(NOTE: The orderable items are built during the building of the order itself. This allows for the addition of the orderable item to the orderable item table associated with the Life-Sustaining Treatment display group, which most Clinical Application Coordinators will not have direct access to for editing/viewing purposes.)** **These orders do NOT have a prompt for a “stop date/time,” which helps make them durable.** Please ensure that you edit the “Display Text” as shown, so that the way the orders display on menus is consistent no matter which menu they are associated with.

Note: Where the acronym DNAR/DNR is shown as text that comes into the order, sites may use either: DNAR/DNR; DNAR; or DNR as locally determined. These are the only three acronyms authorized. Please use the naming conventions as shown for naming orderable items and generic orders. Sites may NOT use “DNI” (Do Not Intubate) and may not build DNI orders.

A. Navigate to the Orders Management Menu and build new Life-Sustaining Treatment generic orders.

3. Link the Life-Sustaining Treatment Orders to the VA-LIFE SUSTAINING TREATMENT reminder dialog.

In the original deployment of this dialog, sites were given the option of linking an order menu to the dialog or linking each individual order to a specific group/element. This is no longer an option. Sites must link each individual order dialog to the corresponding group/element listed below.

Here is an example of linking the **OR LST NO INVASIVE OR NON INVASIVE MECHANICAL VENTILATION** generic order to the appropriate dialog group/element. Complete the same steps with all the generic orders and dialog groups/elements listed in the table below.

Add the orders to the ADDITIONAL FINDING field. Do not overwrite the health factor in the FINDING ITEM field.

A. Navigate to the Reminder Dialog Element list or Reminder Dialog Group list.

NAME: **VA-LST NO INVASIVE OR NON-INVASIVE MECHANICAL VENTILATION (E)**

FINDING ITEM: HF ETHICS-NO INVASIVE OR NON INV MECH VENT

FINDING ITEM: ETHICS-NO INVASIVE OR NON INV MECH VENT

//

ADDITIONAL FINDINGS: NONE

SELECT ADDITIONAL FINDING: **Q.OR LST NO INVASIVE OR NON INVASIVE MECHANICAL VENTILATION** (ENTER Q., THEN THE NAME OF THE GENERIC ORDER)

SEARCHING FOR A ORDER DIALOG, (POINTED-TO BY ADDITIONAL FINDINGS)

OR LST NO INVASIVE OR NON INVASIVE MECHANICAL VENTILATION

...OK? YES// **YES**

EDITING FINDING NUMBER: 1

ADDITIONAL FINDINGS: OR LST NO INVASIVE OR NON INVASIVE MECHANICAL VENTILATION

//

ADDITIONAL FINDINGS:

Q OR LST NO INVASIVE OR NON INVASIVE MECHANICAL VENTILATION FINDING #

1

SELECT ADDITIONAL FINDING: **^^** (EXIT THE DIALOG GROUP/ELEMENT)

B. Complete the steps above with all the generic orders and dialog groups/elements listed in the table below.

LST Reminder Dialog Template Placement	LST Order	Group or Element
VA-LST DNR (E)	OR LST DNR	Element
VA-LST DNR EXCEPT 2 (G)	OR LST DNR EXCEPT	Group
VA-LST NO ART NUTRITION 2 (E)	OR LST NO ARTIFICIAL NUTRITION	Element

VA-LST NO DIALYSIS 2 (E)	OR LST NO DIALYSIS	Element
VA-LST DIALYSIS - SPECIFIED 2 (G)	OR LST DIALYSIS AS SPECIFIED	Group

4. Add all LST orderable items to the VA-LIFE SUSTAINING TREATMENT ORDERABLE ITEMS reminder term.

An object within the reminder dialog displays active Life Sustaining Treatment orders. All orderable items for the Life-Sustaining Treatment orders need to be added to the VA-LIFE SUSTAINING TREATMENT ORDERABLE ITEMS reminder term for the object to work correctly.

A. Navigate to the Reminder Term Management menu and edit the VA- LIFE SUSTAINING TREATMENT ORDERABLE ITEMS reminder term.

S	SAVE AND QUIT
Q	QUIT WITHOUT SAVING CHANGES

ENTER RESPONSE: **SAVE AND QUIT**

C. Complete the steps above for the remaining orderable items in the table below.

Orderable Items
LST ART HYDRATION AS SPECIFIED
LST ART NUTRITION AS SPECIFIED
LST DNR - DO NOT RESUSCITATE
LST DNR EXCEPT
LST LIMIT OTHER LST AS SPECIFIED
LST MECHANICAL VENTILATION AS SPECIFIED
LST NO ART HYDRATION
LST NO ART NUTRITION
LST NO INVASIVE MECHANICAL VENTILATION
LST NO NON-INVASIVE MECHANICAL VENTILATION
LST NO TRANSFERS TO HOSPITAL EXCEPT FOR COMFORT

LST TRANSFERS AS SPECIFIED
LST NO BLOOD PRODUCTS
LST NO DIALYSIS
LST BLOOD PRODUCTS AS SPECIFIED
LST DIALYSIS AS SPECIFIED
LST DO NOT USE LIFE SUSTAINING TREATMENT
LST NO TRANSFERS TO ICU EXCEPT FOR COMFORT

5. Edit existing Life-Sustaining Treatment Order Menu (if applicable).

Edit existing local Life Sustaining Treatment order menus (if applicable). This step is only needed if sites have elected to allow orders from a menu outside the Life-Sustaining Treatment note.

A. The following order dialogs should no longer be used. Remove these order dialogs from existing order menus, if applicable.

- a. OR LST DO NOT USE LST
- b. OR LST NO TRANSFERS TO ICU EXCEPT FOR COMFORT

B. The following new order dialogs should be added to existing Life-Sustaining Treatment order menus, if applicable.

- a. OR LST NO INVASIVE OR NON-INVASIVE MECHANICAL VENTILATION
- b. OR LST NO TRANSFERS TO HOSPITAL EXCEPT FOR COMFORT
- c. OR LST NO BLOOD PRODUCTS
- d. OR LST NO DIALYSIS
- e. OR LST BLOOD PRODUCTS AS SPECIFIED
- f. OR LST DIALYSIS AS SPECIFIED

C. The revised LST order menu should look like the menu below:

You may choose one of the following:

DNR - DO NOT RESUSCITATE
OR

DNR: Except provide CPR during the following procedure and timeframe:

NOTE: If a patient with a DNR order wants CPR attempted during a different time period than during a specific procedure:

- 1) Discontinue the DNR order at the beginning of the time period when CPR should be attempted and
- 2) Write a new DNR order when CPR should no longer be attempted

Other Life Sustaining Treatments

No artificial nutrition (enteral or parenteral)

No artificial nutrition except as specified:

No artificial hydration (IV enteral or subcutaneous) unless needed for comfort

No artificial hydration except as specified:

No invasive mechanical ventilation (e.g. endotracheal or tracheostomy tube)

No noninvasive mechanical ventilation (e.g. BiPAP or CPAP)

No invasive or non-invasive mechanical ventilation

No mechanical ventilation except as specified

No Blood Products

No Blood Products except as specified:

No Dialysis

No Dialysis except as specified:

No transfers to the hospital except if needed for comfort

No transfers except for comfort & as specified:

Limit other life sustaining treatment as follows:

6. Add Advance Care Planning CPT code taxonomies to reminder dialog (if necessary).

The taxonomies to document CPT codes representing time spent discussing and documenting Advance Care Planning activity have been removed from the dialog in this update. Sites wanting to document the CPT codes in the encounter through the note will need to follow the steps below to link the taxonomies to the appropriate group/element.

Time spent discussing and documenting this care planning activity.

Up to 30 minutes

31-60 minutes

61-90 minutes

91-120 minutes

A. Navigate to the reminder dialog elements and search for the appropriate element from the table below. The following example links one of the taxonomies to the corresponding element. Complete the steps for the remaining taxonomies in the table below.

NAME: **VA-LST ENCOUNTER UP TO 30 MINS - 99497 (E)**
 DISABLE:
 CLASS: NATIONAL//
 SPONSOR: NATIONAL CENTER FOR ETHICS IN HEALTH CARE
 //
 REVIEW DATE:
 RESOLUTION TYPE:
 ORDERABLE ITEM:
 FINDING ITEM: **TX.ETHICS-LIFE-SUSTAINING-AD-99497** (ENTER [TX.] BEFORE THE NAME OF THE TAXONOMY.)

ADDITIONAL FINDINGS:
 HF ETHICS-TIME-UP TO 30 MIN FINDING #
 1
 SELECT ADDITIONAL FINDING:

SELECT ONE OF THE FOLLOWING:

A ALL
 N NO PICK LIST

TAXONOMY PICK LIST: **NO PICK LIST**
 DIALOG/PROGRESS NOTE TEXT:
 UP TO 30 MINUTES

EDIT? NO//
 ALTERNATE PROGRESS NOTE TEXT:
 EDIT? NO//
 EXCLUDE FROM PROGRESS NOTE: YES// ^^ (EXIT THE ELEMENT)

B. Complete the steps above for the remaining taxonomies in the table below.

Taxonomy	Element
ETHICS-LIFE-SUSTAINING-AD-99497	VA-LST ENCOUNTER UP TO 30 MINS - 99497 (E)

ETHICS-LIFE-SUSTAINING-AD-99497-99498	VA-LST ENCOUNTER 31-60 - 99497-99498 (E)
ETHICS-LIFE-SUSTAINING-AD-99497-99498	VA-LST ENCOUNTER 61-90 - 99497-99498 (E)
ETHICS-LIFE-SUSTAINING-AD-99497-99498	VA-LST ENCOUNTER 91-120 - 99497-99498 (E)

7. Link consult and comfort care orders back to dialog (if applicable).

If the site used the following orders in the Life-Sustaining Treatment note, then the orders should be re-linked to the appropriate group/element in the following table. VA-LST LOCAL CONSULT MENU OPTION (G) is a local class in case a site would like to edit the text in the dialog.

LST Order Menu	LST Reminder Dialog Template Placement	Reminder Dialog Group or Element
* Locally built consult menu	VA-LST LOCAL CONSULT MENU OPTION (G)	Group
* Locally built "Comfort Care Order Set"	VA-LST LOCAL COMFORT CARE ORDERS MENU OPTION (G)	Group

8. Add appropriate note titles to the VA-ETHICS LST RELATED NOTES health summary type.

Add the ADVANCE DIRECTIVE, STATE-AUTHORIZED PORTABLE ORDERS, and any other related note title to the VA-ETHICS LST RELATED NOTES health summary type.

A. In VistA, navigate to the Health Summary Coordinator's menu.

SELECT HEALTH SUMMARY COORDINATOR'S MENU <TEST ACCOUNT> OPTION:

```
