# Introduction

VA Office of Patient Centered Care and Cultural Transformation program has created a new reminder dialog template for vitality and well-being signs.

This template will apply to all patients, to be completed when any provider type completes review of well-being signs in any clinic. They are collecting national health factors to track percentage rated over time and track utilization. Well-being signs are measure of overall well-being and finalizing validation process.

Workflow: Within encounter with Veteran, provider can incorporate assessment of wellbeing signs and utilize this template to capture/document veteran self reported rating.
