# Pre-Installation

Prior to installing this Update:

1. Check **Reminder Exchange** Install History (IH) and ensure your facility has installed the following (previously released) Updates:

   - UPDATE_2_0_146 VA-EYE CARE AT RISK REMINDERS
   - UPDATE_2_0_282 VA-MATERNITY CARE COORDINATION UPDATE
   - UPDATE_2_0_287 VA-ONCOLOGY CLINICAL PATHWAYS - PROSTATE CANCER
   - UPDATE_2_0_278 VA-RADIOLOGY SCHEDULING CANCELLATION DELAY

2. From the **Reminder Order Check** menu, Reminder Order Check Rule Inquiry (RI) and capture/save the following reminder order check rule:

   - VA-NALOXONE FOR OPIOID USE DISORDER

   (You need to confirm whether the Status is set to PRODUCTION or INACTIVE. If it is set to PRODUCTION, you will need to reset the status in the post-Installation steps).

   ```
   VA-NALOXONE FOR OPIOID USE DISORDER
   ----------------------------------------------------------------------------
   Display Name: NALOXONE RECOMMENDED FOR OPIOID USE DISORDER OR STIMULANT
   USE DI
   Class:          NATIONAL
   Sponsor:
   Review Date:
   Description:
   Status:         INACTIVE (it may be set to PRODUCTION in your site's system)
   ```

3. From the **Reminder Definition Management** menu, Inquire about Reminder Definition (RI) and capture/save the following reminder definition:

   - VA-LIPID STATIN RX CVD/DM

   (You will use this capture to verify all terms have the same mappings and that the Reminder Dialog is linked, upon completion of the post-installation steps).

4. From the Reminder **Dialog** Management menu, Inquire/Print (INQ) and capture/save the following ELEMENT and GROUP:

   - ELEMENT: VA-WH PAP HPV TESTING
   - GROUP: VAL-WH ORDER PAP SMEAR

   Identify the orders that you have mapped as an additional finding. Re-mapping steps of these order are outlined in the post-Installation steps.

## Install Details

This update is being distributed as a web host file.  The address for the host file is:
**https://REDACTED/UPDATE_2_0_304.PRD**

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:
===============
This update can be loaded with users on the system. Installation will take less than 15 minutes.

## Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

```
+          + Next Screen   - Prev Screen   ?? More Actions                    >>>
CFE   Create Exchange File Entry      LHF   Load Host File
CHF   Create Host File                LMM   Load MailMan Message
CMM   Create MailMan Message          LR    List Reminder Definitions
DFE   Delete Exchange File Entry      LWH   Load Web Host File
IFE   Install Exchange File Entry     RI    Reminder Definition Inquiry
IH    Installation History            RP    Repack
Select Action: Next Screen// LWH   Load Web Host File  ←
Input the URL for the .prd file: https://|                    |/UPDATE_2_0_304.PRD|
```

At the **Select Action:** prompt, enter **LWH** for Load Web Host File
At the **Input the url for the .prd file:** prompt, type the following web address:
**https://REDACTED/UPDATE_2_0_304.PRD**
 You should see a message at the top of your screen that the file successfully loaded.

```
https://|                    |/UPDATE_2_0_304.PRD successfully loaded.
```

Search for and locate the reminder exchange entry titled UPDATE_2_0_304 VA-MISC UPDATE 20.

**<u>You will see several prompts</u>**:

**Individual components for which you may (or may not) be prompted are listed below, along with the response you should provide.**

For all new components, choose <mark>I to Install</mark>.

For any component NOT listed below, choose <mark>S to Skip</mark>.

TIU TEMPLATE FIELD entry <mark>VA-CRC COLONOSCOPY SCHEDULE INSTRUCTIONS</mark> is NEW, what do you want to do?

    Select one of the following:

        C      Create a new entry by copying to a new name
        I     Install
        Q     Quit the install
        S     Skip, do not install this entry

Enter response: <mark>I// nstall</mark>

TIU TEMPLATE FIELD entry named <mark>VA-ETHICS-FORM 10-0137A</mark> already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C      Create a new entry by copying to a new name
        O     Overwrite the current entry
        U     Update
        Q     Quit the install
        S     Skip, do not install this entry

Enter response: <mark>O// o  Overwrite the current entry</mark>

TIU TEMPLATE FIELD entry named <mark>VA-OSP CRISTAL</mark> already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C      Create a new entry by copying to a new name
        O     Overwrite the current entry
        U     Update
        Q     Quit the install
        S     Skip, do not install this entry

Enter response: <mark>O// o  Overwrite the current entry</mark>

HEALTH FACTORS entry **VA-UPDATE_2_0_304** is NEW,
what do you want to do?

      Select one of the following:

            C        Create a new entry by copying to a new name
            I        Install
            Q        Quit the install
            S        Skip, do not install this entry

Enter response: I// nstall....

HEALTH FACTORS entry named **INACTIVE CERVIX CANCER SCREEN** already exists but the
packed component is different, what do you want to do?

      Select one of the following:

            C        Create a new entry by copying to a new name
            O        Overwrite the current entry
            U        Update
            Q        Quit the install
            S        Skip, do not install this entry

Enter response: O// Skip, do not install this entry

HEALTH FACTORS entry **VA-WH HPV OBTAINED** is NEW,
what do you want to do?

      Select one of the following:

            C        Create a new entry by copying to a new name
            I        Install
            Q        Quit the install
            S        Skip, do not install this entry

Enter response: I// nstall....

HEALTH FACTORS entry **VA-WH CERVIVAL CYTOLOGY OBTAINED** is NEW,
what do you want to do?

      Select one of the following:

            C        Create a new entry by copying to a new name
            I        Install
            Q        Quit the install
            S        Skip, do not install this entry

Enter response: I// nstall....

HEALTH FACTORS entry named **ETHICS-LST CONSENT [C]** already exists but the packed component is different, what do you want to do?

Select one of the following:

C        Create a new entry by copying to a new name
O        Overwrite the current entry
U        Update
Q        Quit the install
S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **ETHICS-DECISION-MAKING CAPACITY [C]** already exists but the packed component is different, what do you want to do?

Select one of the following:

C        Create a new entry by copying to a new name
O        Overwrite the current entry
U        Update
Q        Quit the install
S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **ETHICS-SURROGATE [C]** already exists but the packed component is different, what do you want to do?

Select one of the following:

C        Create a new entry by copying to a new name
O        Overwrite the current entry
U        Update
Q        Quit the install
S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **ETHICS-LST-PLANS-BASIS [C]** already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C        Create a new entry by copying to a new name
        O        Overwrite the current entry
        U        Update
        Q        Quit the install
        S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **ETHICS-LST-PLANS-NO DMC-SAPO/MDC** already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C        Create a new entry by copying to a new name
        O        Overwrite the current entry
        U        Update
        Q        Quit the install
        S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **VA-ONC PRCA CRPC M0 <=10M CLIN TRIAL** already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C        Create a new entry by copying to a new name
        O        Overwrite the current entry
        U        Update
        Q        Quit the install
        S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **VA-ONC PRCA MOLECULAR TESTING** already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C        Create a new entry by copying to a new name
        O        Overwrite the current entry
        U        Update
        Q        Quit the install
        S        Skip, do not install this entry

Enter response: O// verwrite the current entry

HEALTH FACTORS entry named **VA-ONC PRCA RADIATION THERAPY RECURRENCE** PATHWAY already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C        Create a new entry by copying to a new name
        O        Overwrite the current entry
        U        Update
        Q        Quit the install
        S        Skip, do not install this entry

Enter response: O// verwrite the current entry

REMINDER TAXONOMY entry named **VA-ADVANCED LIVER DISEASE INPT DX** already exists but the packed component is different, what do you want to do?

    Select one of the following:

        C        Create a new entry by copying to a new name
        O        Overwrite the current entry
        U        Update
        Q        Quit the install
        S        Skip, do not install this entry

Enter response: O// verwrite the current entry

REMINDER TAXONOMY entry named **VA-DEMENTIA DIAGNOSIS**
already exists but the packed component is different, what do you want to do?

   Select one of the following:

      C        Create a new entry by copying to a new name
      O        Overwrite the current entry
      U        Update
      Q        Quit the install
      S        Skip, do not install this entry

Enter response: O// verwrite the current entry

REMINDER TERM entry **VA-REMINDER UPDATE_2_0_304** is NEW, what do you want to do?

   Select one of the following:

      C         Create a new entry by copying to a new name
      I        Install
      Q         Quit the install
      S        Skip, do not install this entry

Enter response: I// nstall..

REMINDER TERM entry named **VA-AGE<30** already exists but the packed
component is different, what do you want to do?

   Select one of the following:

      C        Create a new entry by copying to a new name
      M         Merge findings
      O        Overwrite the current entry
      U        Update
      Q        Quit the install
      S        Skip, do not install this entry

Enter response: O// Skip, do not install this entry

REMINDER DEFINITION entry named **VA-LIPID STATIN RX CVD/DM**
already exists but the packed component is different, what do you
want to do?

   Select one of the following:

      C        Create a new entry by copying to a new name
      O        Overwrite the current entry
      U        Update
      Q        Quit the install
      S        Skip, do not install this entry

Enter response: O// verwrite the current entry

REMINDER DEFINITION entry named **VA-BL WH PAP REVIEW FREQ**
already exists but the packed component is different, what do you
want to do?

Select one of the following:

      C        Create a new entry by copying to a new name
      O        Overwrite the current entry
      U        Update
      Q        Quit the install
      S        Skip, do not install this entry

Enter response: Skip, do not install this entry..

HEALTH SUMMARY TYPE entry named **VA-SBOR EVENT DATE** already exists but
the packed component is different, what do you want to do?

Select one of the following:

      C        Create a new entry by copying to a new name
      O        Overwrite the current entry
      U        Update
      Q        Quit the install
      S        Skip, do not install this entry

Enter response: O// Skip, do not install this entry..

REMINDER ORDER CHECK RULES entry named **VA-NALOXONE FOR OPIOID USE
DISORDER** already exists but the packed component is different, what
do you want to do?

Select one of the following:

      C        Create a new entry by copying to a new name
      O        Overwrite the current entry
      U        Update
      Q        Quit the install
      S        Skip, do not install this entry

Enter response: O// verwrite the current entry

**You will be prompted to install the 1ˢᵗ dialog component:**

```

Install Completed

# Post Installation

1. Refer to the Inquiry/Print (INQ) you saved during the Pre-Installation steps for the following REMINDER DEFINITION:

   <mark>VA-LIPID STATIN RX CVD/DM</mark>

   - Add any 'local' finding items back to each term, if needed.

   - Ensure the VA-LIPID STATIN RX CVD/DM dialog is linked to the reminder definition (see <mark>highlighted text</mark> below); if not, link it back using the Reminder Dialog Management menu.

   ```
   REMINDER DEFINITION INQUIRY

   VA-LIPID STATIN RX CVD/DM
   ----------------------------------

   Print Name:             Assess Statin Use – Lipids (CVD/DM)
   Class:                  NATIONAL
   Sponsor:                VHA CARDIOLOGY SERVICES
   Review Date:
   Rescission Date:
   Usage:                  CPRS, DATA EXTRACT, REPORTS
   Related VA-* Reminder:
   Reminder Dialog:        VA-LIPID STATIN RX CVD/DM
   ```

2. Refer to the Inquire/Print (INQ) you saved during the Pre-Installation steps for the following REMINDER ORDER CHECK RULE:

   <mark>VA-NALOXONE FOR OPIOID USE DISORDER</mark>

   - Confirm the 'Status' field, from your captured Inquiry, matches the 'Status' field in the Reminder Order Check Rule.

     o If it matches, no action is needed.

     o If it doesn't match, you will need to edit the 'Status' field to reset it.

     (e.g., if the captured Inquiry shows the 'Status' as PRODUCTION and the Reminder Order Check is showing a 'Status' as Inactive, you will need to edit the Reminder Order Check Rule and reset the Status back to PRODUCTION).

3. Refer to the Inquire/Print (INQ) you saved during the Pre-Installation steps for the following ELEMENT and GROUP:

ELEMENT: <mark>VA-WH PAP HPV TESTING</mark>
GROUP: <mark>VAL-WH ORDER PAP SMEAR</mark>

- Map the quick orders identified in the pre-installation step to the element's additional finding, as needed.

  ELEMENT: <mark>VA-WH PAP HPV TESTING</mark>
  FINDING ITEM: WH ORDER HPV LAB//

  Additional findings: none
  Select ADDITIONAL FINDING: Enter "Q.", then name of local quick order

  GROUP: <mark>VAL-WH ORDER PAP SMEAR</mark>
  FINDING ITEM: WH ORDER PAP SMEAR SCREEN HF//

  Additional findings: none
  Select ADDITIONAL FINDING: Enter "Q.", then name of local quick order
