## Post Installation

---

Open the ED Triage note in CPRS and confirm the COVID-19 Screen no longer displays above the suicide screen option within the template.

*Note: If your site would like to continue screening for COVID-19 in the Emergency Department, you can add it back to the end of the template in the local section. You would add the reminder dialog group VA-GP COVID SCREEN COMPLETE as a sequence in the reminder dialog group VAL-GP ED TRIAGE PLACEHOLDER. You may need to enable the placeholder group if your site was not using it previously.*
