Introduction

The dramatic rise in opioid prescribing has been accompanied by parallel increases in nonmedical opioid use, overdose deaths, opioid use disorders (OUD) and treatment initiations for OUD. One initiative to address this problem in the Veteran Affairs (VA) healthcare system is the Stepped Care for Opioid Use Disorder Train-the-Trainer (SCOUTT), a model aiming to improve access to opioid use disorder (OUD) treatment and prevent suicide, two of the top five VA national priorities. As part of the national roll-out of SCOUTT that was launched in August 2018, this template is designed to facilitate documentation of assessments for OUD that are required before medications can be prescribed. The template should be used by those who have been trained in assessment for opioid use disorder and are authorized by the scope of their practice to make this diagnosis.

UPDATE 2_0_72 contains 1 Reminder Exchange entry:

UPDATE_2_0_72 OPIOID USE DISORDER ASSESSMENT

The exchange file contains the following components:

Install Details

This update is being distributed as a web host file. The address for the host file is:
http://Redacted/UPDATE_2_0_72.PRD

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:

=====
This update can be loaded with users on the system. Installation will take less than 20 minutes.

Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

```
+      + Next Screen  - Prev Screen  ?? More Actions  >>>
CFE  Create Exchange File Entry      LHF  Load Host File
CHF  Create Host File                 LMM  Load MailMan Message
CMM  Create MailMan Message           LR   List Reminder Definitions
DFE  Delete Exchange File Entry       LWH  Load Web Host File
IFE  Install Exchange File Entry      RI   Reminder Definition Inquiry
IH   Installation History             RP   Repack
Select Action: Next Screen// LWH  Load Web Host File
Input the URL for the .prd file: http://          /UPDATE_2_0_72.PRD
```

At the **Select Action:** prompt, enter **LWH** for Load Web Host File

At the **Input the url for the .prd file:** prompt, type the following web address:

http://REDACTED/UPDATE_2_0_72.PRD

You should see a message at the top of your screen that the file successfully loaded.

Search and locate an entry titled **UPDATE_2_0_72 OPIOID USE DISORDER ASSESSMENT** in reminder exchange

```
+Item  Entry                                     Source                                     Date Packed
165  UPDATE_2_0_72 OPIOID USE DISORDER ASSESSMENT  05/14/2019@10:37
166  UPDATE_2_0_73 VA-COMMUNITY CARE COORDINATION PLAN  04/05/2019@12:44

Install Completed

Post Installation

1. Make the Dialog templates available to be attached to a Personal or Shared template or to be able to attach the dialog to a progress note title.

From the Reminders Manager Menu:

Select Reminder Managers Menu Option: **CP CPRS Reminder Configuration**

- CA Add/Edit Reminder Categories
- CL CPRS Lookup Categories
- CS CPRS Cover Sheet Reminder List
- MH Mental Health Dialogs Active
- PN Progress Note Headers
- RA Reminder GUI Resolution Active
- TIU TIU Template Reminder Dialog Parameter**
- DL Default Outside Location
- PT Position Reminder Text at Cursor

Select CPRS Reminder Configuration Option: **TIU TIU Template Reminder Dialog Parameter**

Reminder Dialogs allowed as Templates may be set for the following:

- 1 User USR [choose from NEW PERSON]
- 3 Service SRV [choose from SERVICE/SECTION]
- 4 Division DIV [choose from INSTITUTION]
- 5 System SYS [NATREM.FO-SLC.MED.VA.GOV]

Enter selection: **5** Choose the appropriate number for your site. Your site may do this by System or other levels. The example below uses SYSTEM level

Setting Reminder Dialogs allowed as Templates for System:

Select Display Sequence: **?**

149 VA-TBI SCREENING
151 VACO TRANSPLANT REFERRAL (D)

*When you type a question mark above, you will see the list of #'s (with dialogs) that are already taken. Choose a number **NOT** on this list. For this example, looking above I see the number 150 is not present, so I will use 150.*

Select Display Sequence: **150**

Are you adding 150 as a new Display Sequence? Yes// **Y YES**

Display Sequence: 150// **<Enter>**

Clinical Reminder Dialog: **VA-MH OUD ASSESSMENT TEMPLATE** **<Enter>**

OK? Yes// **<Enter>** (Yes)

2. Setup of Note title

The new note title that needs to be created is:

OPIOID USE DISORDER ASSESSMENT

This note title is to be mapped to the following VHA Enterprise Standard Title:

MENTAL HEALTH NOTE

Comprehensive information on Creating Document Definitions can be found beginning on page 47 of the [TIU/ASU Implementation Guide](#)

Your site can also set up the template in your shared template folder. Staff may access the template either through the note title or the shared template folder.

3a. Associate the reminder dialog with the note title in CPRS

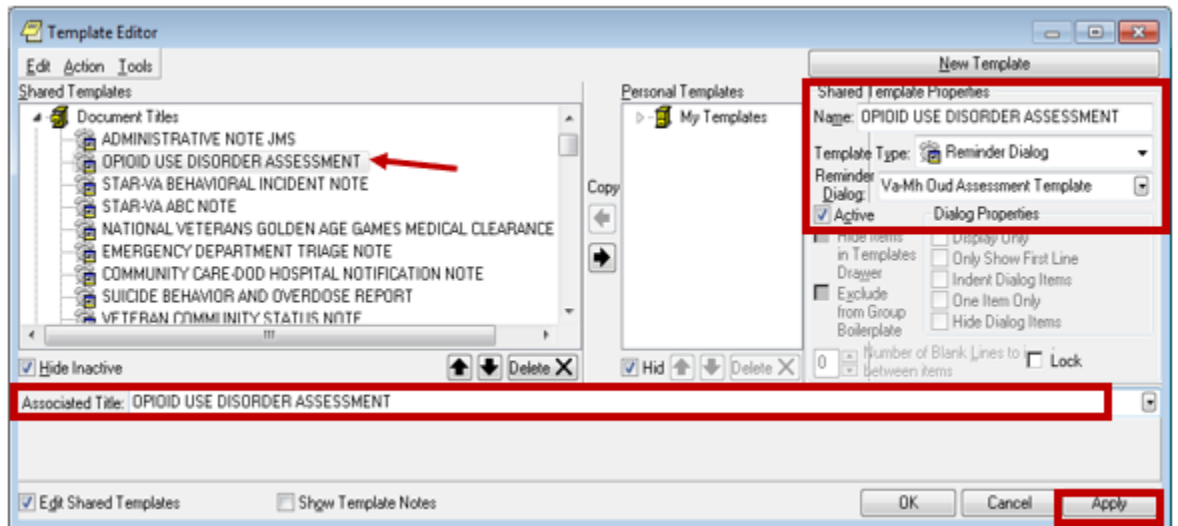

To do this, go to Template Editor, then Document Titles, select the appropriate folder (if applicable), and choose New Template (top right-hand corner).

Type in the following information:

Name: **OPIOID USE DISORDER ASSESSMENT**

Template Type: Reminder Dialog

Reminder Dialog: VA-OUD ASSESSMENT TEMPLATE

Next, type in the Associated Title, which in this case is OPIOID USE DISORDER ASSESSMENT and hit Apply.

3b. Add the dialog to a shared template in CPRS.

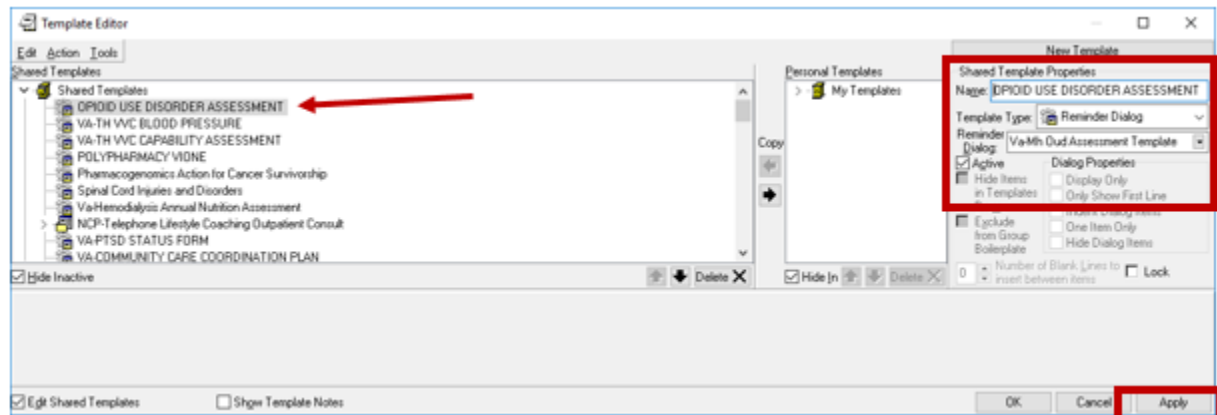

To do this, go to Template Editor, then Shared Templates, select the appropriate folder (if applicable), and choose New Template (top right-hand corner).

Type in the following information:

Name: **OPIOID USE DISORDER ASSESSMENT**

Template Type: Reminder Dialog

Reminder Dialog: VA-MH OUD ASSESSMENT TEMPLATE

Hit Apply.

3. Add your local quick orders as finding items to the following elements:
All of these elements are local so you can change the dialog text to match the services your facility provides if they do not match. You may also disable an element if your facility doesn't offer one of these services.

Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Elements. Search for and edit the following element. VAL-MH OUD ASSESS NALOXONE ORDERED. Add your local quick order or menu for ordering naloxone to this element as an additional finding. Work with your Pharmacy ADPAC/Informaticist to help identify the correct order

Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Elements. Search for and edit the following element VAL-MH OUD ASSESS2 PLAN OFFER MAT CARE ACCEPTS UDAS. Add your local quick order for a urine drug screen as an additional finding on this element.

Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Group. Search for and edit the following group: VAL-MH OUD ASSESS2 PLAN OFFER REFERRAL ACCEPTS Add the order for a SUD referral or consult as an additional finding to this group. If you are unsure what order or menu to add, please work with your local MH services to identify the correct quick orders or menu to attach to each element.

4. Add your local DATA OBJECT FOR ACTIVE MEDICATIONS to the following element:

Using the menu Reminder Dialog Management, Reminder Dialogs, change your view to Element. Search for and edit the following group: VAL-MH OUD ACTIVE MEDICATIONS If you prefer to use your local ACTIVE MEDICATIONS object, you can replace it with the current object in this element (i.e. |ACTIVE MEDICATIONS|).
