## Update to Reminder Dialog Group VA-WH GP MAMMOGRAM FREQ REVIEW >74

**Prior to this update**, the reminder dialog text for element VA-WH GP MAMMOGRAM FREQ REVIEW >74 was:

This patient is older than age 74. Screening past age 74 is generally not indicated unless there was a prior abnormal result within a specified time (see links to VHA Guidelines at top of screen).

This patient's **Pap smear** frequency is set at: |MAMMOGRAM FREQUENCY|

### **The updated reminder dialog text:**

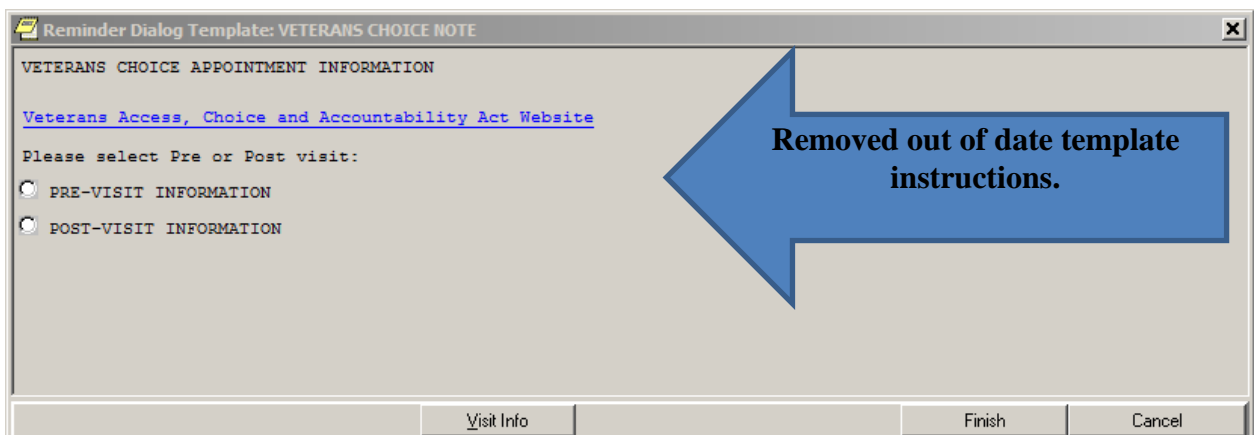

This patient is older than age 74. Screening past age 74 is generally not indicated unless there was a prior abnormal result within a specified time (see links to VHA Guidelines at top of screen).

This patient's **mammogram** frequency is set at: |MAMMOGRAM FREQUENCY|

## Updates to Veteran's Choice Reminder Dialog

Clinical Reminder Update 2\_0\_4 contains a major update to the VA-VETERANS CHOICE NOTE reminder dialog template. The Pre-Visit section has been updated to enable the note to be used for Veterans Choice, Choice-First and Choice Unusual/Excessive Burden. All the sections of the Pre-Visit section are now selectable, which allows the user to select only what they need to document. The Pre-Visit section now contains the following sections: Choice Preference Opt-In/Out, Eligibility, Approved Services, Choice Appointment Information, Declined Choice Appointment, Clinical Information and Additional Information. New Health Factors have been added: CHOICE OPT-OUT, CHOICE OPT-IN, CHOICE APPT DECLINED, CHOICE FIRST SERVICES UA, and CHOICE UN/EX BURDEN. The latter two are associated with two new Eligibility Types; Services Unavailable At VA (Choice-First) and Choice Unusual/Excessive Burden.

### **VETERANS CHOICE NOTE Template Modifications.**

☐ Additional Comments:

**Change to documentation return verbiage.**

### Update of Reminder Dialog Group VA-GP TBI SCREEN DONE AT OTHER VA

Changed Multiple Selection prompt from ONE SELECTION ONLY to ONE OR MORE SELECTIONS.

### Update of Reminder Dialog Element VA-GP PRIOR TBI SCREEN COMPLETED ELSEWHERE

The following template fields have been made required: VA-DATE COMBO Y/M, VA-VAMC LOCATIONS and VA-TBI PRIOR SCREEN RESULT

### Update of Reminder Dialog VA-TBI URLS.

On Element VA-TBI URLS, added a link to view prior TBI screening results to the Web Resources Available section to make it easier for providers to find:

Web Resources Available:

[VA Polytrauma System of Care](#)

[VA Physical Med & Rehab Polytrauma](#)

To view prior TBI Screening: [Prior TBI Screening](#)

## Install Details

---

This update is being distributed as a web host file. The address for the host file is:

[http://vista.med.va.gov/reminders/UPDATE\\_2\\_0\\_4.PRD](http://vista.med.va.gov/reminders/UPDATE_2_0_4.PRD)

The file will be installed using Reminder Exchange, programmer access is not required.

Installation:

=====

This update can be loaded with users on the system. Installation will take less than five minutes.

**\*\*\*Please make sure you have installed Clinical reminder Update\_2\_0\_3 prior to the installation of this update.**

## Install Example

To Load the Web Host File. Navigate to Reminder exchange in Vista

Install Completed

---

If there are any questions regarding the installation of the clinical reminder update, please call the national help desk and have them submit a national CA ticket to the Incident Area:  
**NTL.APP.VISTA.CLINICAL REMINDERS 2\_0** .

## Post Installation

1. Open up the TBI clinical reminder in CPRS,
  - a. Make sure the link to see prior TBI screenings is viewable in the URL section:

Reminder Resolution: TBI Screening

Did the Veteran ever serve in Operation Iraqi Freedom (OIF) or in Operation Enduring Freedom (OEF), either on the ground, in nearby coastal waters, or in the air above, after September 11, 2001?

OIF - Iraq, Kuwait, Saudi Arabia, Turkey  
OEF - Afghanistan, Georgia, Kyrgyzstan, Pakistan, Tajikistan, Uzbekistan, The Philippines

☐ No - No service in OEF or OIF  
☐ Yes - Service in OEF or OIF in the past

Web Resources Available:

[VA Polytrauma System of Care](#)  
[VA Physical Med & Rehab Polytrauma](#)

To view prior TBI Screening: [Prior TBI Screening](#)

- b. Make sure that the Date/Location and Screening results show a \* to indicate they are required fields if the answer “No. TBI Screening completed at another VA since most recent deployment” is chosen:

Reminder Resolution: TBI Screening

☐ Information on the patient's service in OEF/OIF has already been entered in the record. Click here to re-enter.

TRAUMATIC BRAIN INJURY SCREENING

Has the veteran already been diagnosed as having TBI during OIF/OEF/OND deployment?

☐ Yes  
☐ No  
☐ Patient declines to answer screening questions.  
☒ No. TBI screening completed at another VA since most recent deployment.

\*\*\*Please refer to appropriate specialty provider based on the Veteran's current symptoms\*\*\*
